

Wait List Priority

Acceptance into a PACCC program from the wait list will be based upon the schedule needed compared to the space available, and on the following priorities:

1. Family currently enrolled in a PACCC center
2. Resident of Palo Alto
3. Enrolled in PAUSD School (After School Kids' Clubs only) – if a PACCC program is offered at the school your child attends
4. Date of wait list application
5. Non-ambulatory children will always receive priority for the licensed non-ambulatory slots.
6. Child Protective Services referred families will always receive priority.
7. Families on the city/state subsidy program eligibility list will always receive priority for the designated subsidized child care slots at each center, when funds are available.

Special consideration may be given, based on needed mix of age groups, families undergoing crisis, full time working parent(s), or other extenuating circumstance, with approval of PACCC's Executive Director.
